PRINTING TIPS

Technology can be tricky and frustrating. If you are having issues, try these things.

HELP! I SEE BLACK BOXES OR THE TEXT IS WONKY!

You *MUST* open, edit, and print this product in Adobe Reader from a COMPUTER (not your phone) or NOT in preview mode (aka through your internet browser). You can download Adobe Reader for FREE online <https://get.adobe.com/reader/>

Select the pages you want to print. Select "FIT" to ensure it prints correctly and doesn't cut off the edges.

Do NOT PRINT FROM YOUR PHONE. Some have a glitch that makes the formatting crazy. Always print from a computer in Adobe Reader.

HELP! IT'S STILL NOT WORKING!

You are likely using a default PDF reader or in preview mode. It will NOT work with any other generic PDF reader or other default reader. You can download Adobe Reader for FREE online

<https://get.adobe.com/reader/>

Here's what to do to make sure you are using ADOBE!

- Download the file and CLOSE out of the internet. DO NOT OPEN IT ONLINE.
- Unzip the file, if it's a zipped file.
- Find the file on your computer (check the downloads file), right-click on the file, and choose to OPEN WITH ADOBE READER.
- If your computer asks you to make Adobe Reader your default printer, say YES.

HELP! HOW DO I UNZIP A FILE?

- Download the file, right-click, select extract file, save to your computer. Here are more directions with pictures

<https://www.teacherspayteachers.com/Help/File-Types-26/What-is-a-ZIP-file>

**ALWAYS OPEN &
PRINT PDFS
IN ADOBE READER!**

HOW TO PRINT IT SMALLER OR LARGER

Make sure you have the latest edition of Adobe Reader and your computer is opening this file in Adobe Reader (not your computer's default reader or online in preview mode). You can download Adobe Reader for FREE online <https://get.adobe.com/reader/>

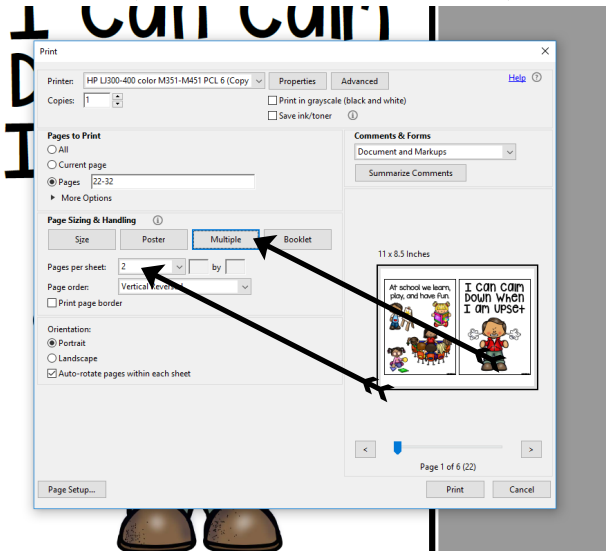

PRINT IT SMALLER DIRECTIONS: TO PRINT IT SMALLER IN SIZE

- Select File then Print or select the Print icon
- Select Multiple
- Click on the Pages per sheet and choose the number 2, 4, 6, 9, 16, or custom

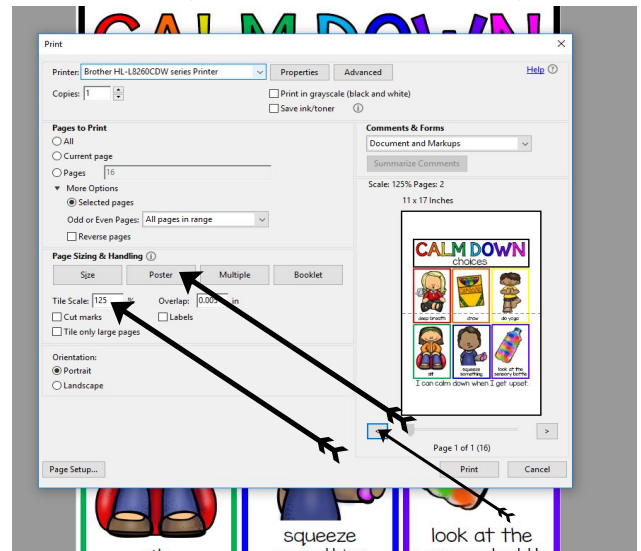

PRINT IT BIGGER DIRECTIONS: TO PRINT IT LARGER IN SIZE

- Select File then Print or select the Print icon
- Select Poster
- In the Tile Scale box, choose the percentage you want it to print
- Click the arrow to check how it will look when printed and pieced together

PRINT SMALLER

PRINT BIGGER

mitten cutting craftivity

Develop scissor skills and fine motor strength with this craftivity.

Print on white or colored paper. The teacher can cut out the mittens, or for extra scissor skills practice, students can cut out the mittens. Students can make one mitten or make a set of mittens.

There are many ways you can make this fine motor craft. Glue cotton balls to mitten border and add a ribbon to connect the pair!

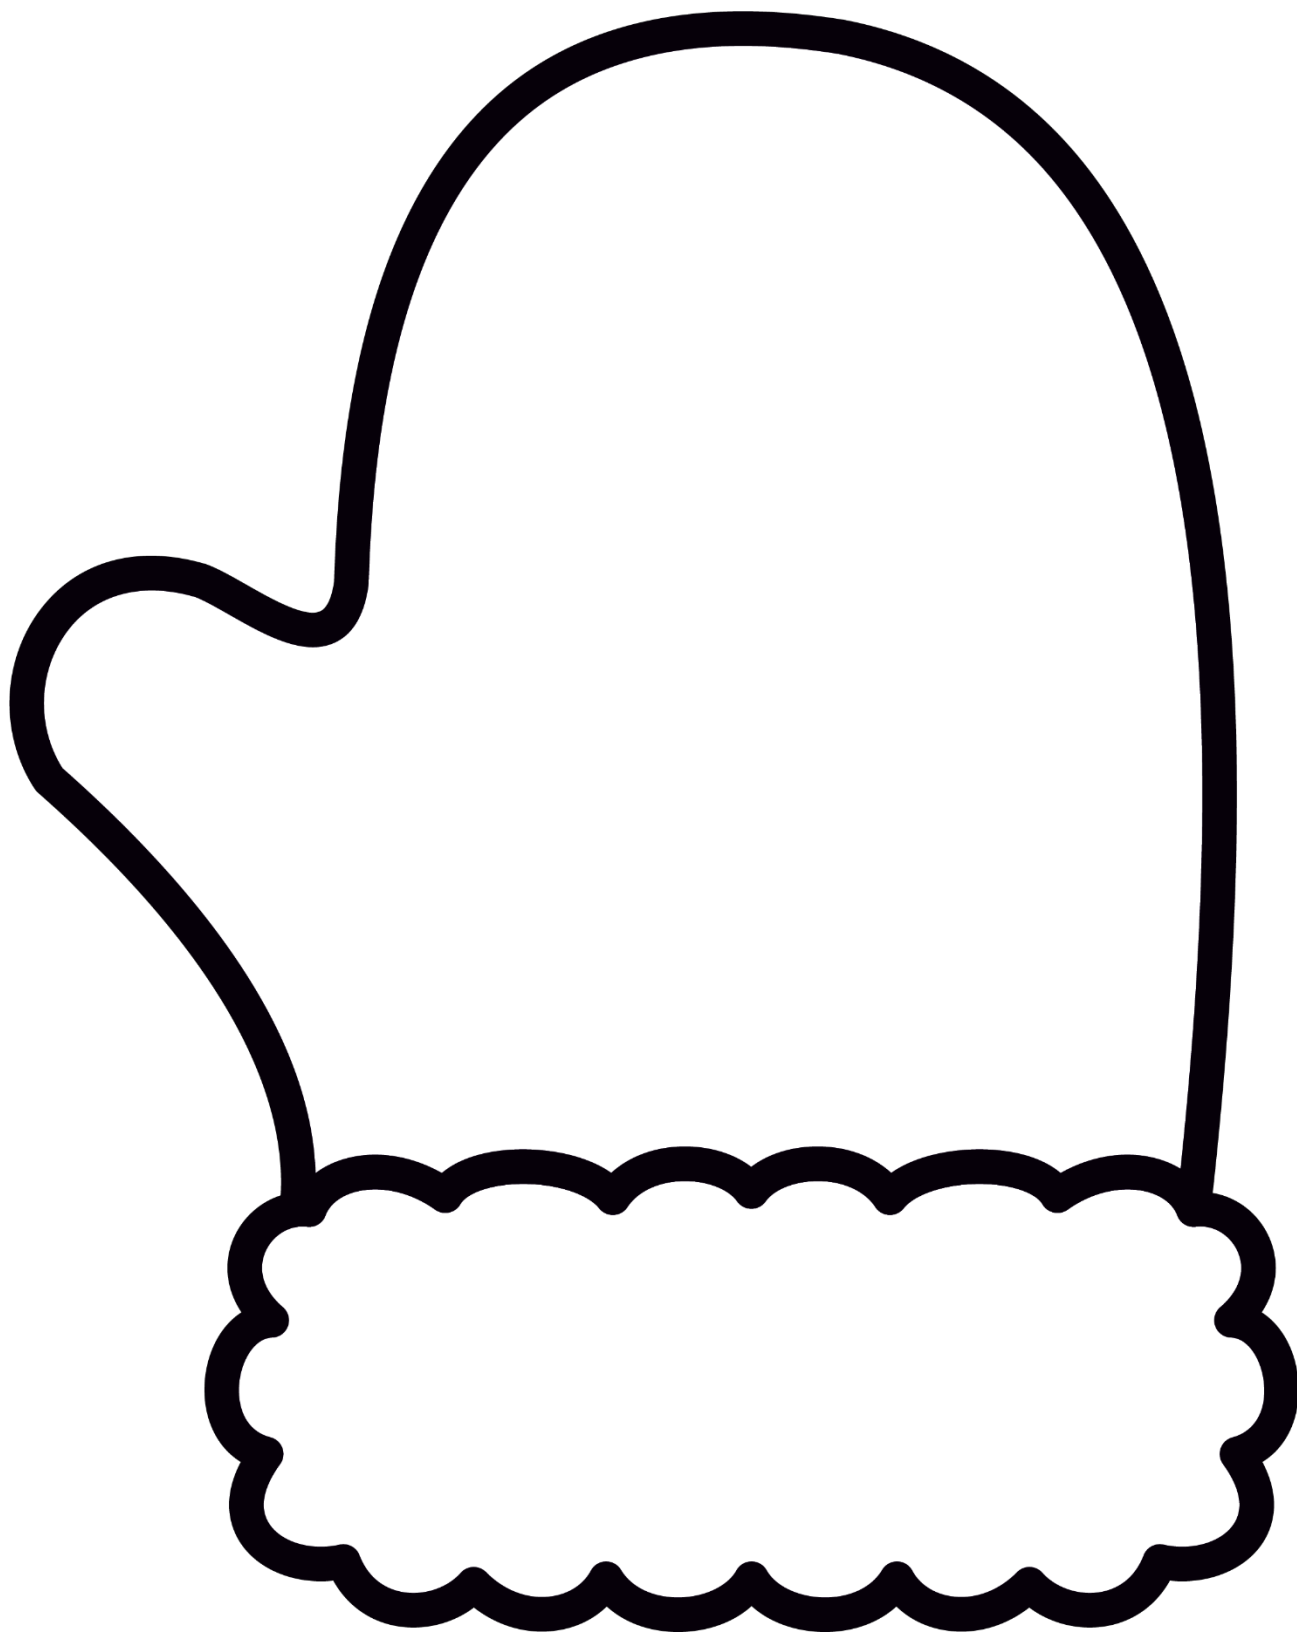

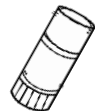

- **Cutting Paper Strips:** Cut plain or patterned scrapbook paper into half inch strips. Students cut the strips and glue to the mitten to create the collage.
- **Tape:** Cut pieces of different patterns of washi tape and tape it to the mitten to create the collage.
- **Torn Paper:** Tear paper to create a torn paper collage.

1. CUT

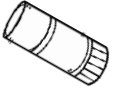

2. GLUE

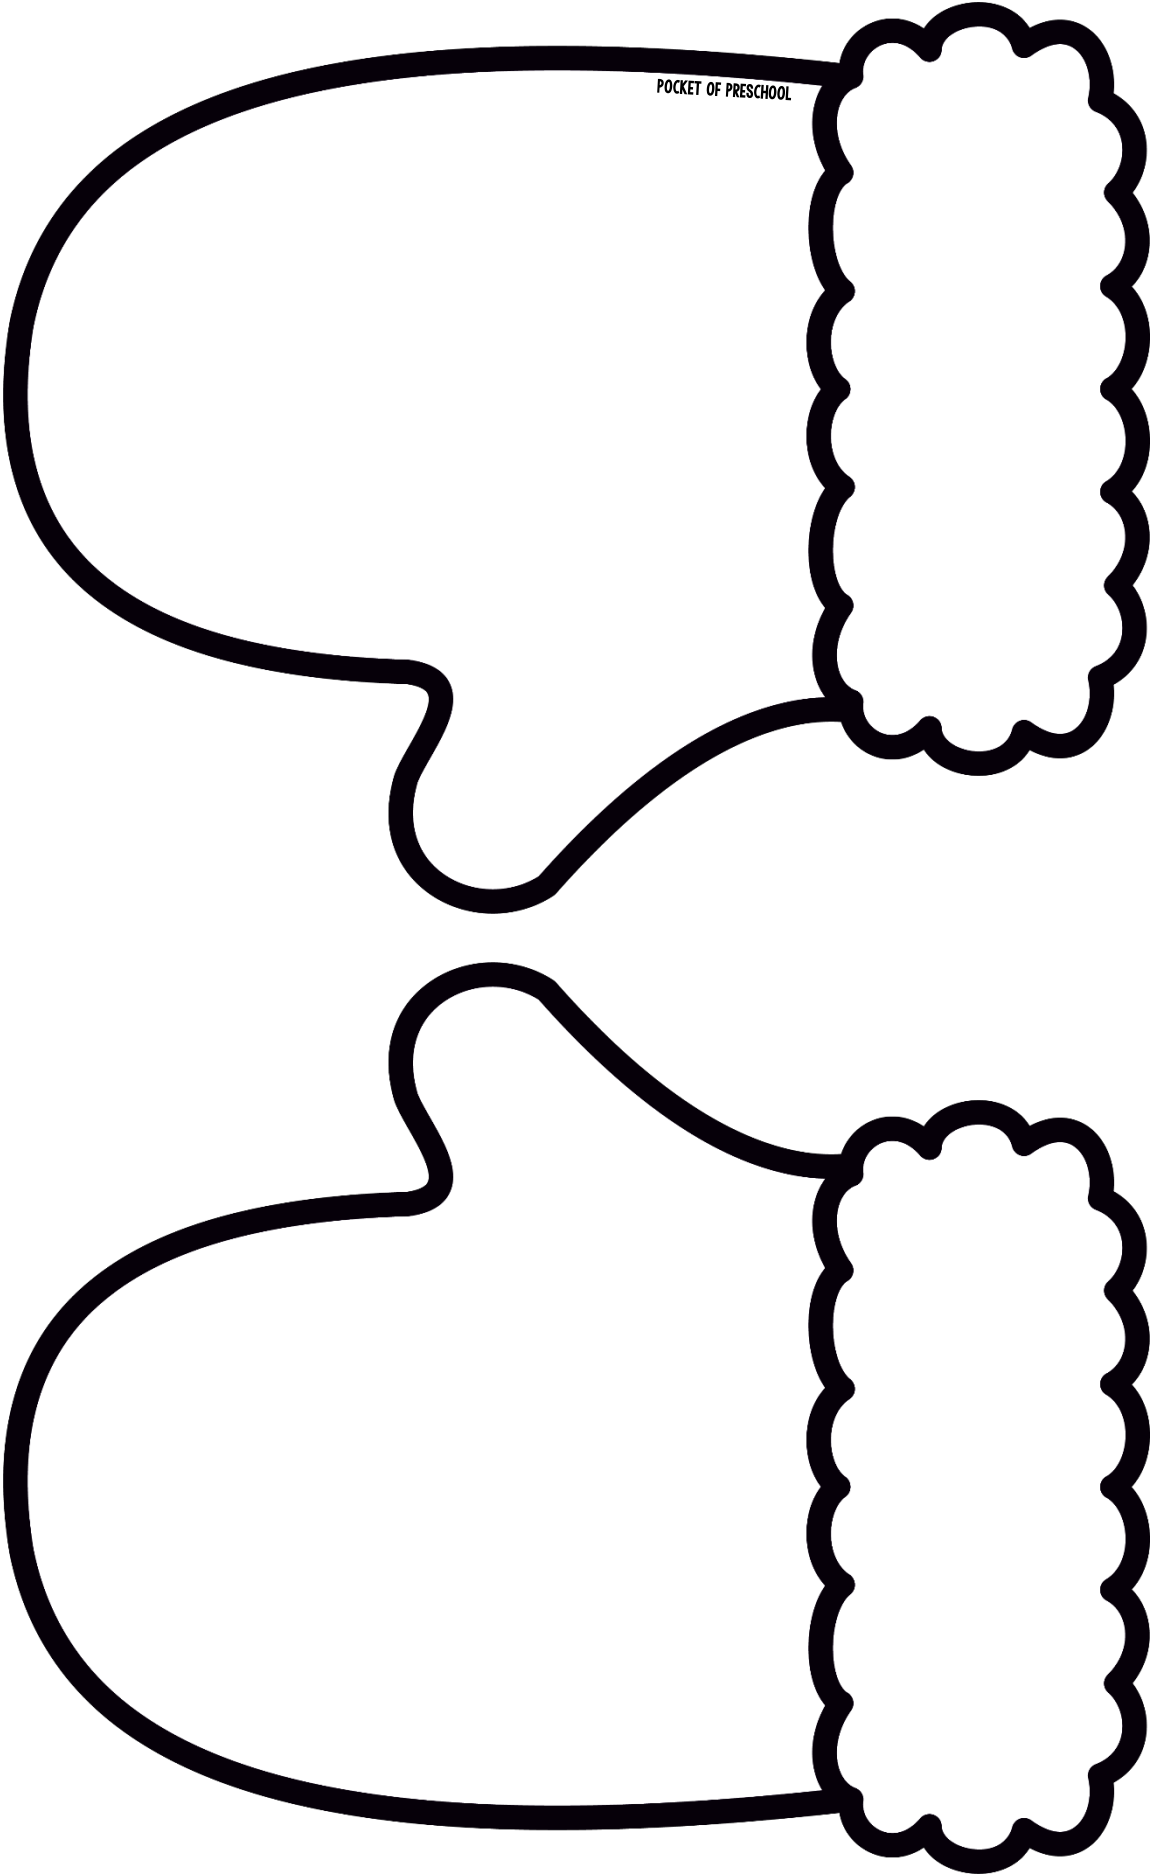

1. CUT

2. GLUE

ice skating tracing mats

Help students strengthen their fine motor and pre-writing skills with these pre-writing tracing mats.

Options:

1. Print on paper for one time use. Student can trace the various types of lines with a pencil or marker.
2. Print and laminate the page then place in a dry erase pocket or in a page protector. Students can use dry erase markers to trace or slide small manipulatives on the lines to make the various types of lines.

Winter Word Cards

The activities you can do with word cards are endless! Here are a few things I do with them:

- Post the cards in a pocket chart with the included writing paper in the writing center.
- Build the word with magnet letters.
- Build the word with letter manipulatives (letter beads, letter Legos, clothespin letters, etc.).
- Write the words on included themed writing paper.
- Write the words in shaving cream.
- Write the words in a salt/sand tray.
- Write the words on a dry erase board.
- Write the words on a chalkboard. Click [HERE](#) to see how to make your own student chalkboards.
- Make the words using stickers.
- Stamp the words in play dough.
- Post the words around the classroom for write the room.
- Hole punch the cards and put on a metal ring for students to use in their writing.
- Sort the words by number of letters.

Writing & Journal Paper

Place the writing paper in the library, writing, journal, or word work center.

There are pages that are blank and some with lines. The pages that are blank can be cut in half if you would like to have half-sheet writing pages.

For added fun, print them on colored paper!

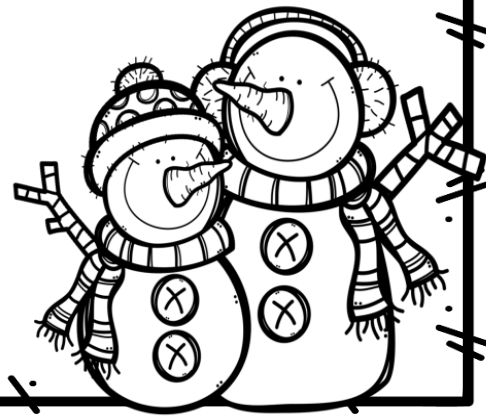

Name: _____

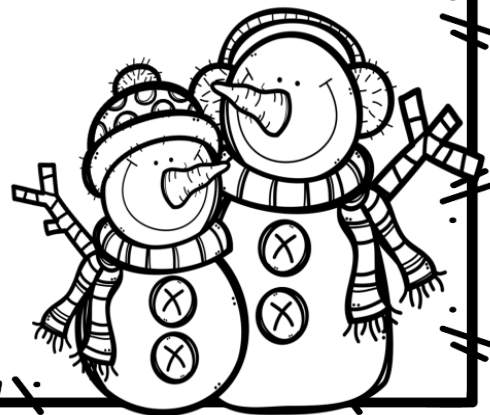

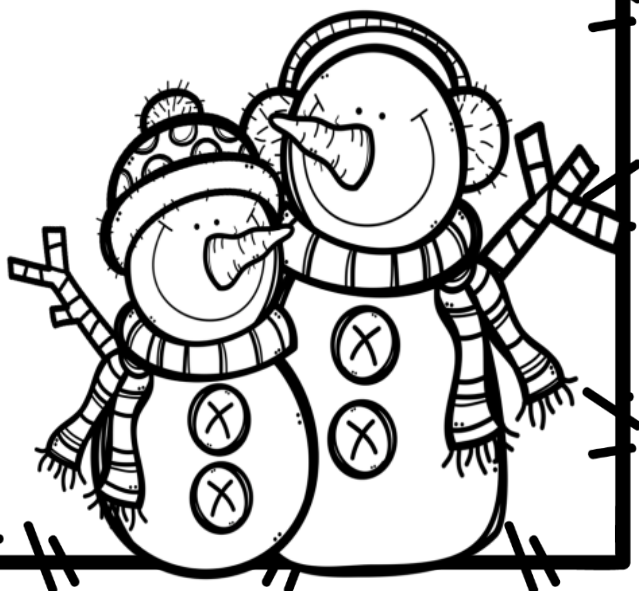

Name: _____

Name: _____

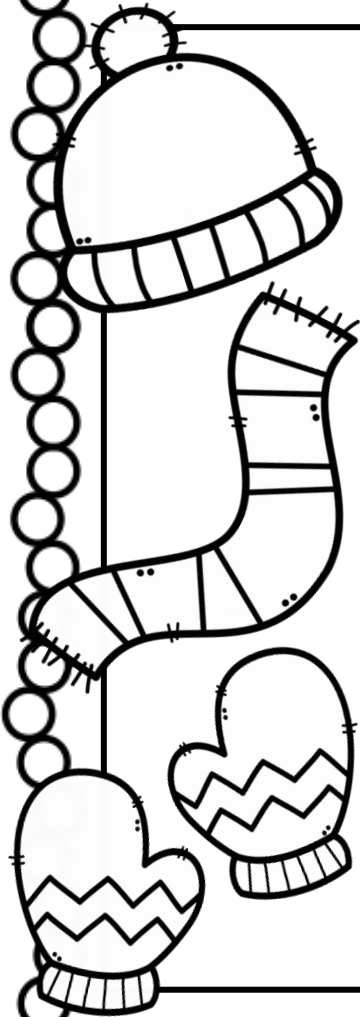

Name: _____

A large rectangular box for drawing or coloring.

Two sets of handwriting practice lines, each consisting of a solid top line, a dashed middle line, and a solid bottom line.

snowball say it, make it!

letters & sight words

Print and laminate the snowball letters, sight word cards, and letters. There is a blank word card page for you to write your own sight words or student names on.

Read It, Make It:

Letters: Place a letter card on the mat. Make the letter in the box below with play dough or any manipulative (mini erasers, pom poms, cotton balls, gems).

- Just make either the lowercase or uppercase letter.
- Match the uppercase and lowercase letters then make the letters.

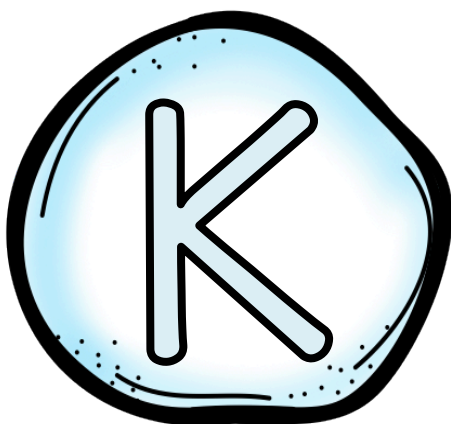

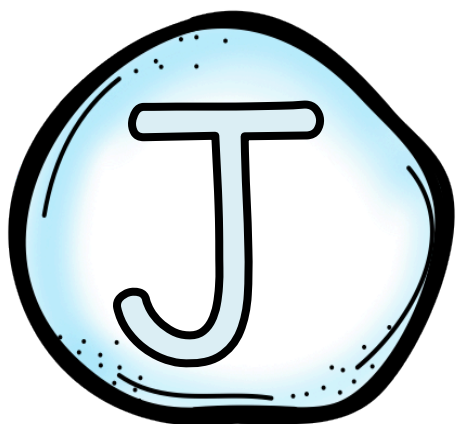

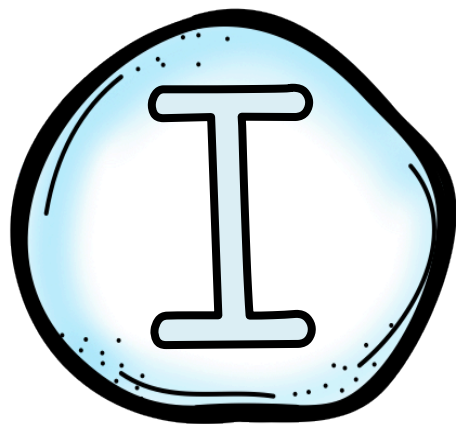

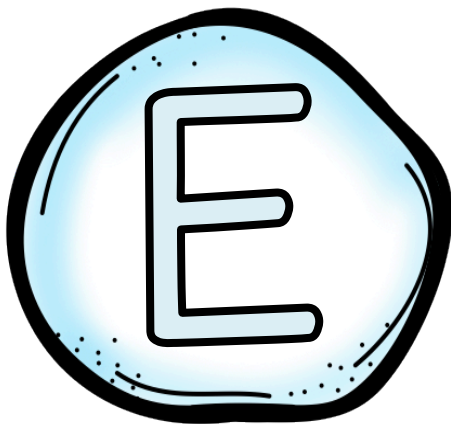

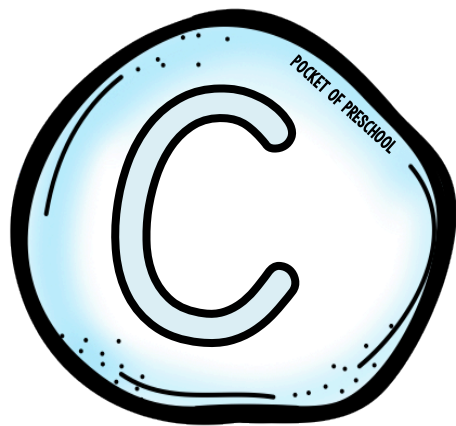

Words: Place the word card on the mat. Then make the word with the snowball letters in the box below.

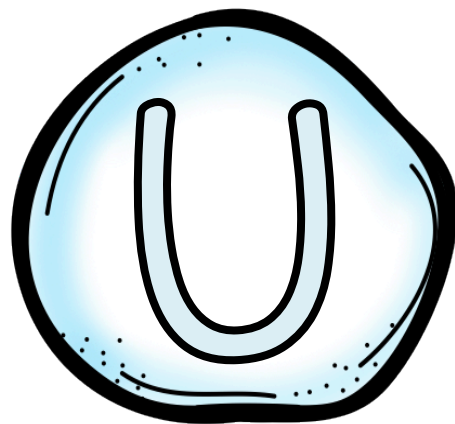

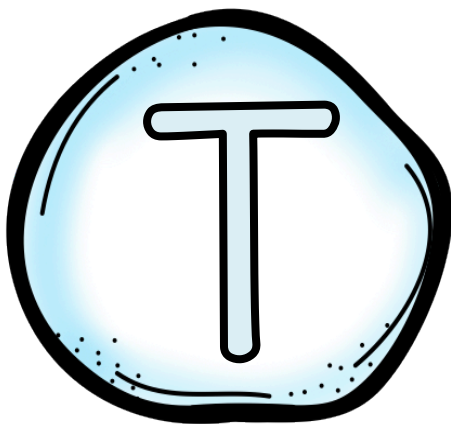

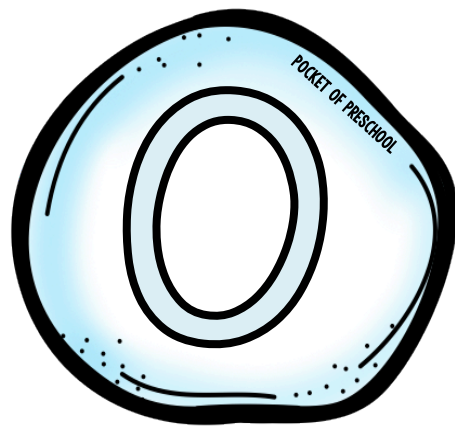

- Use the included sight word cards or vocabulary cards

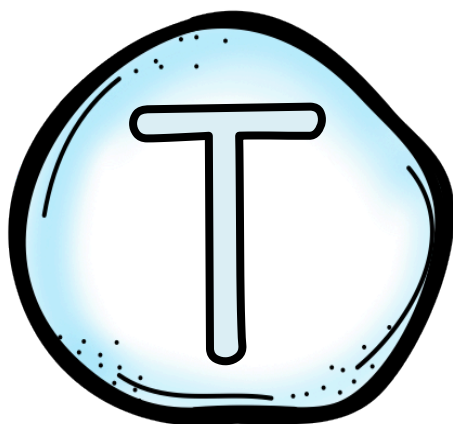

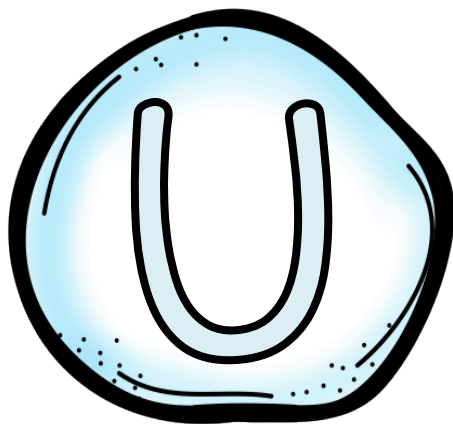

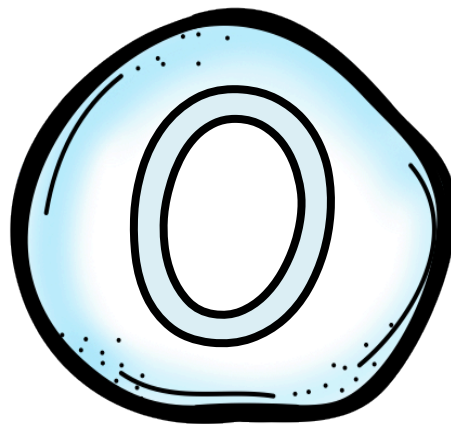

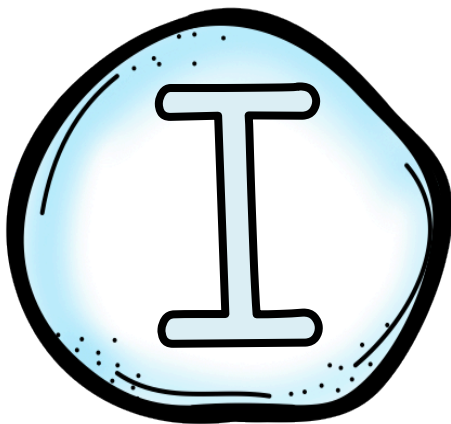

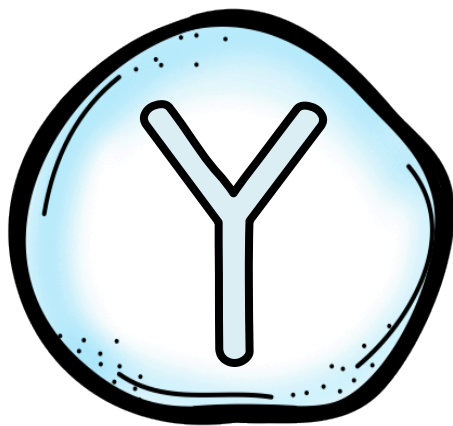

Other Ideas:

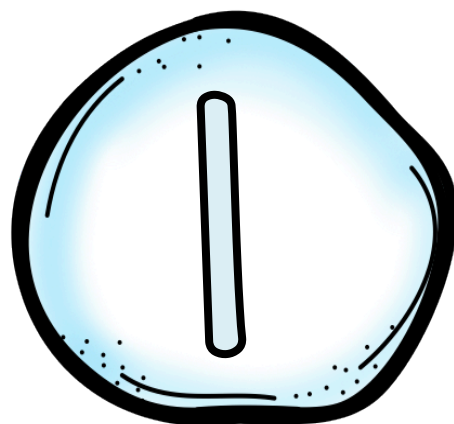

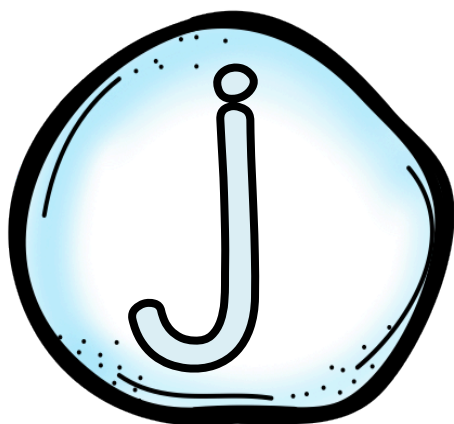

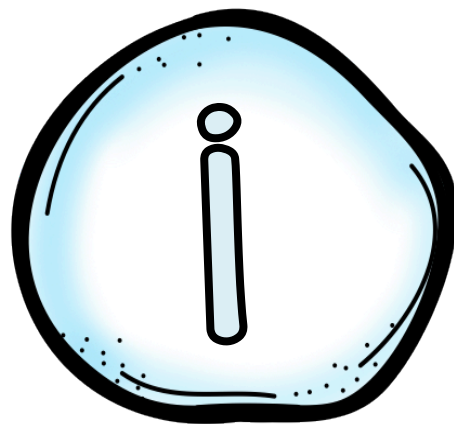

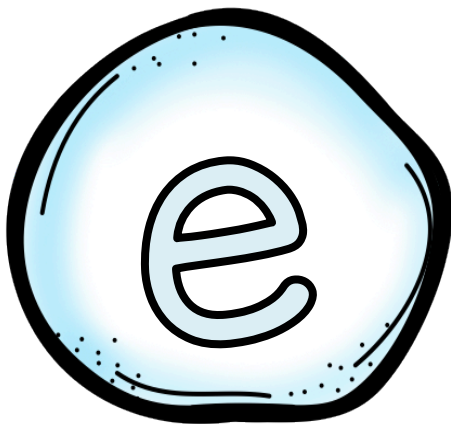

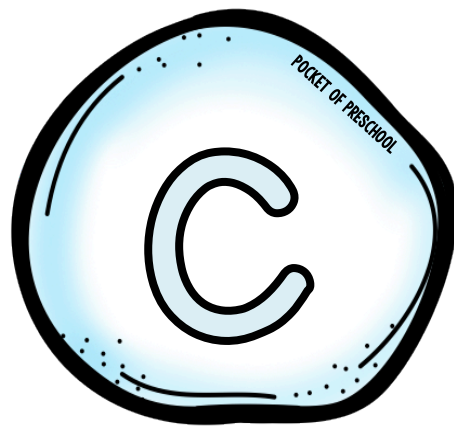

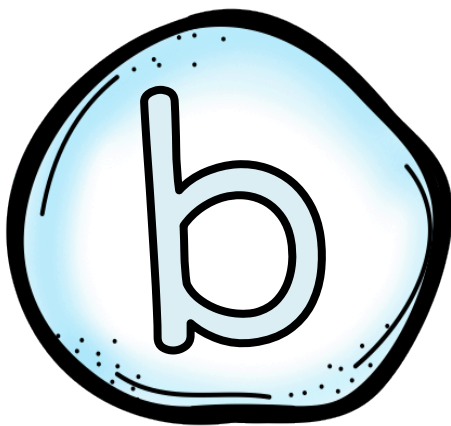

- Write letters or words in a writing tray. Coat the bottom of a tray with salt, rice, glitter, and/or sprinkles.

Penguins letter & sounds

Print and laminate for durability. Cut out each piece.

How to Play: Students match the initial sounds and/or letters.

Ways to Play and Differentiate:

- Only match the letters. Only match the letter ice cards with the letter penguins.
- Put out some of the letter sets (example: only match letters Aa-Ll).
- Match all the uppercase letters, lowercase letters, and initial sounds.

ice fishing for letters & sounds

This is a fun activity students can do to practice identifying letters and sounds.

Print the cards and laminate. For a pop of color, print the blackline option on colored paper to save ink.

To make the "ice fishing hole" cover a plastic bin or a box with white paper or parchment paper. Cut a hole in the top for students to "fish" from. Place magnet letters inside for the fish. Students use a magnet wand or a magnet fishing pole to "fish" for the letters.

How to Play

Students fish for a letter manipulative, identify the letter, and cover the letter or object on the board. Cover the letters or objects with manipulatives or dot it with a dot marker.

- Letter Games: identify the letter on the board and say the letter sound.
- Sound Game: say the object, isolate the sound, and say the letter the sound represents.

Write the letter each word begins with on the fish.

rhyme mitten match

This is a fun activity students can do to practice rhyming.

Print the cards on cardstock for greater durability and laminate. Students match the rhymes.

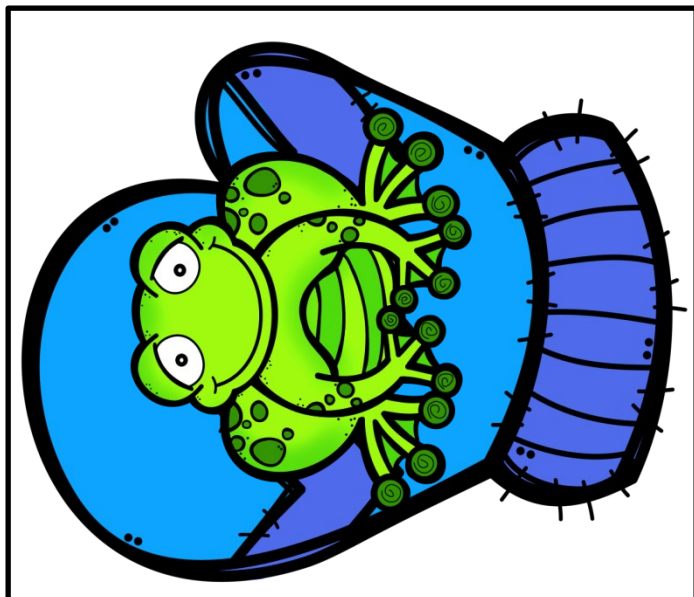

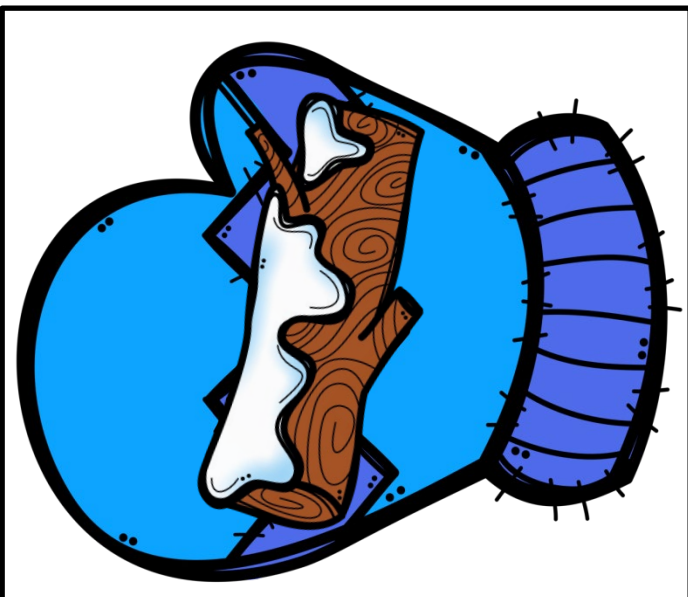

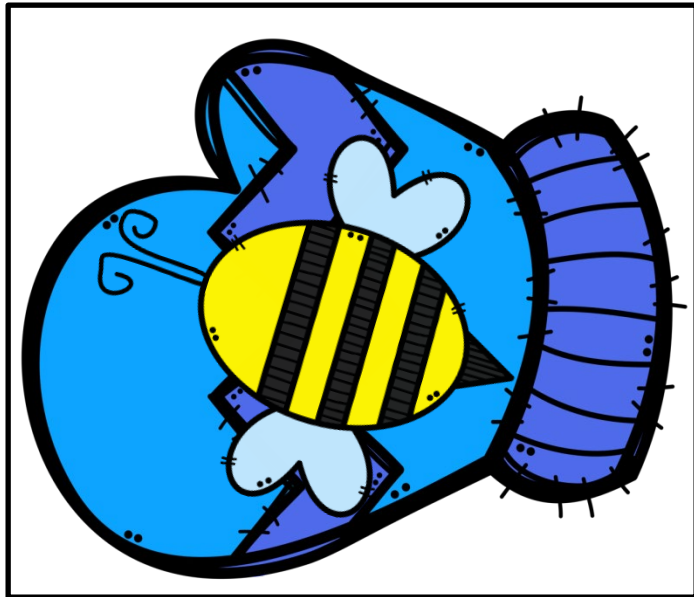

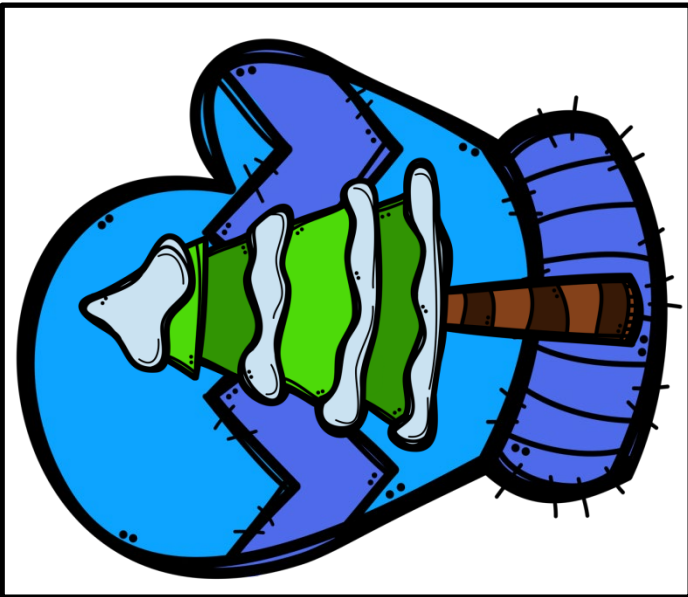

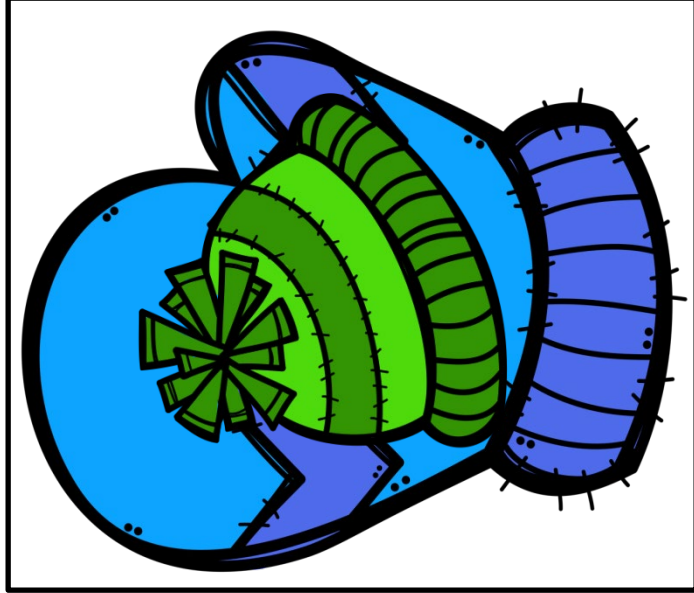

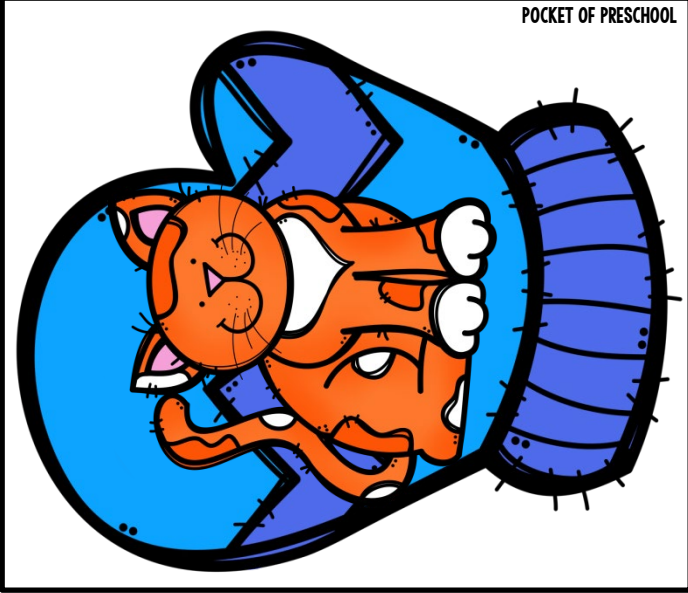

If you want students to be able to self-check, put matching stickers or draw shapes on the back of each mitten pair. Students can flip over the mittens and see if they matched the rhyme correctly.

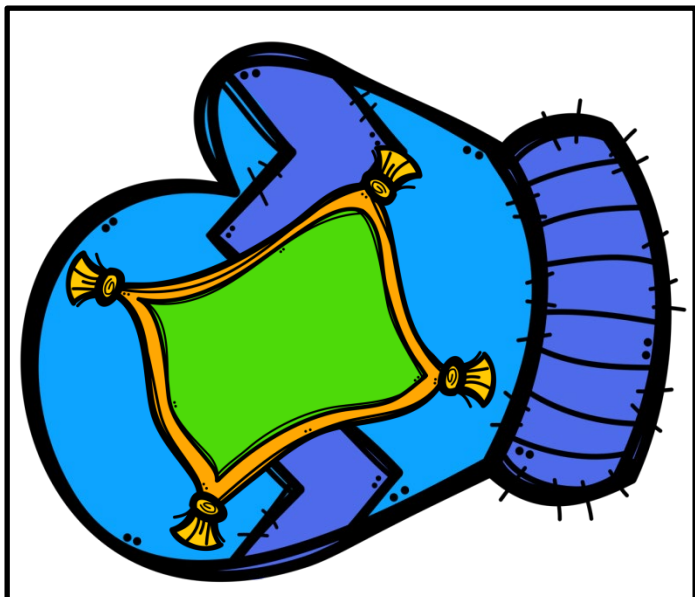

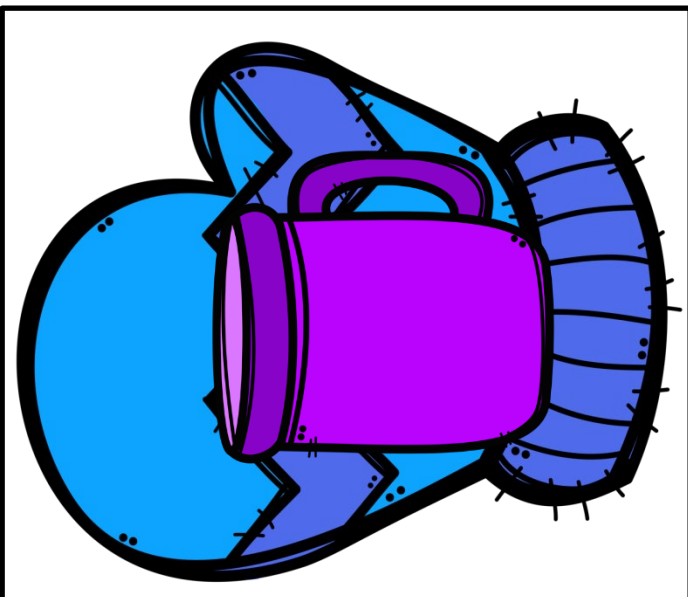

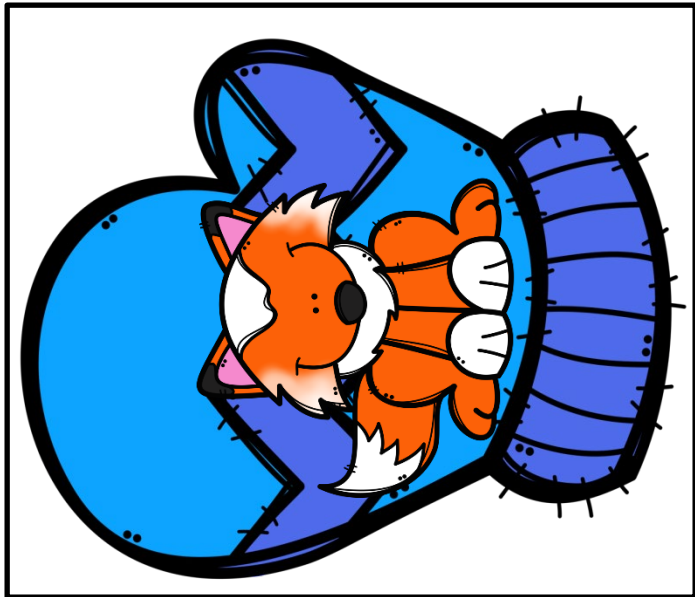

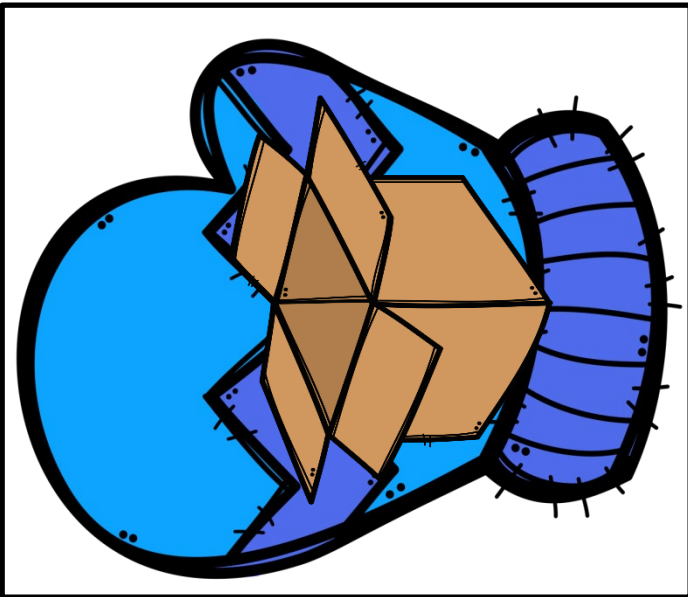

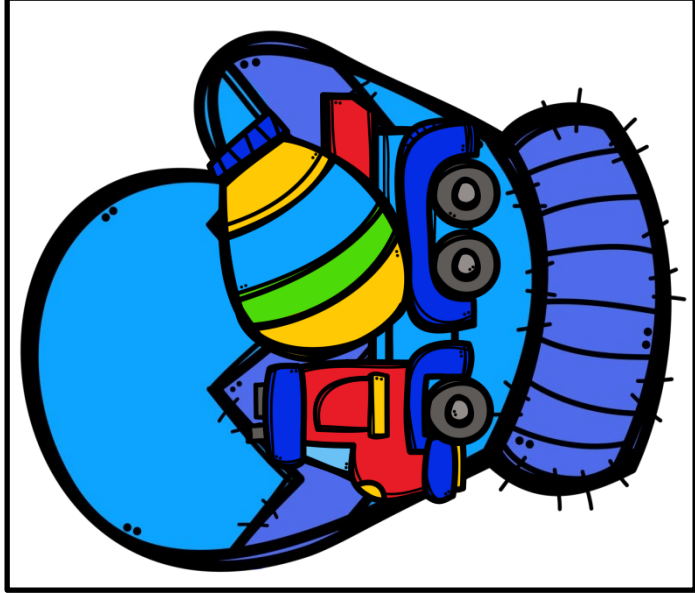

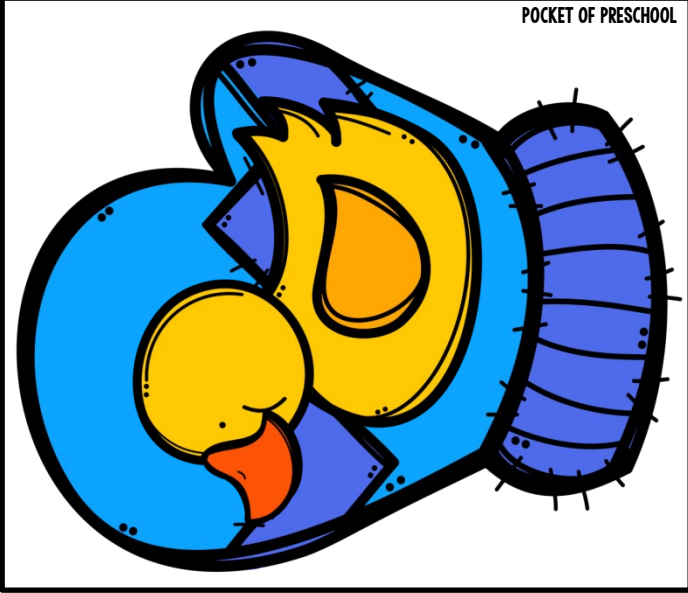

How to Play

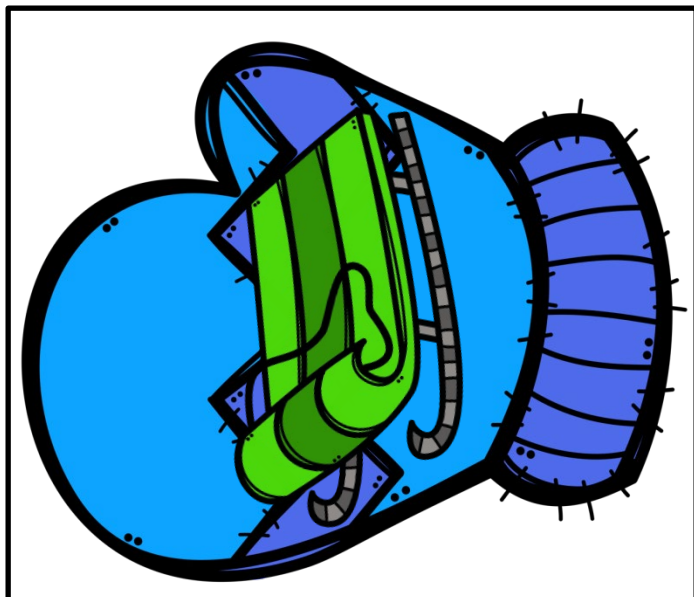

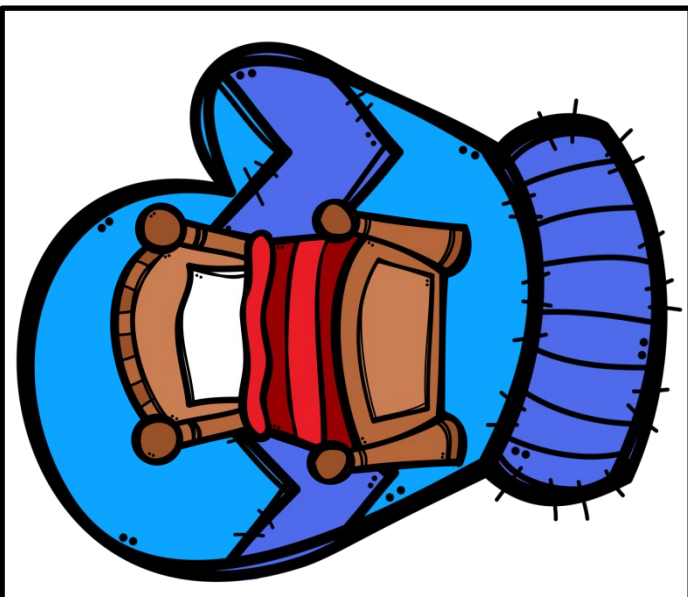

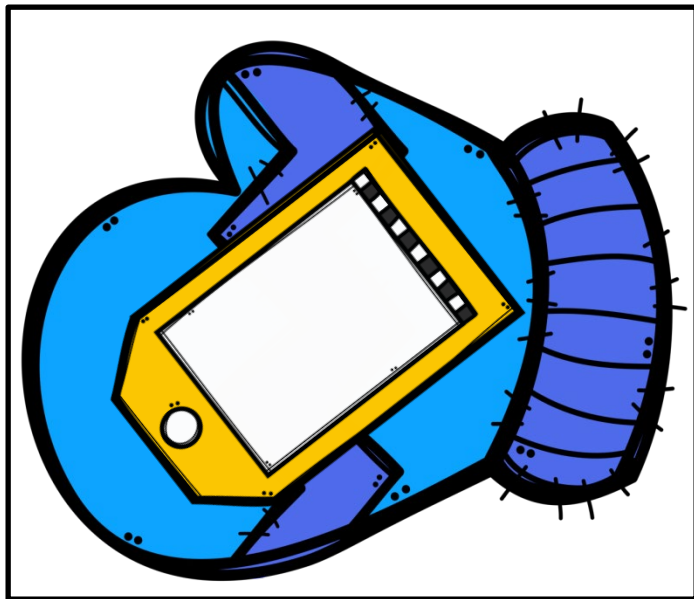

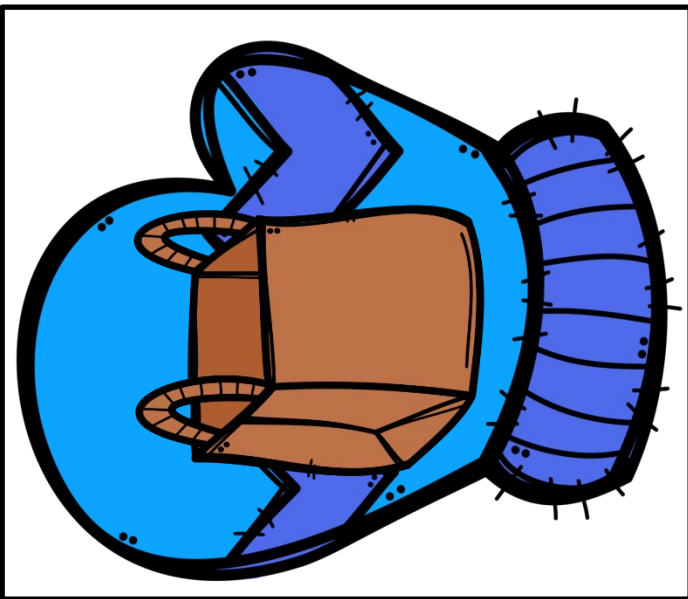

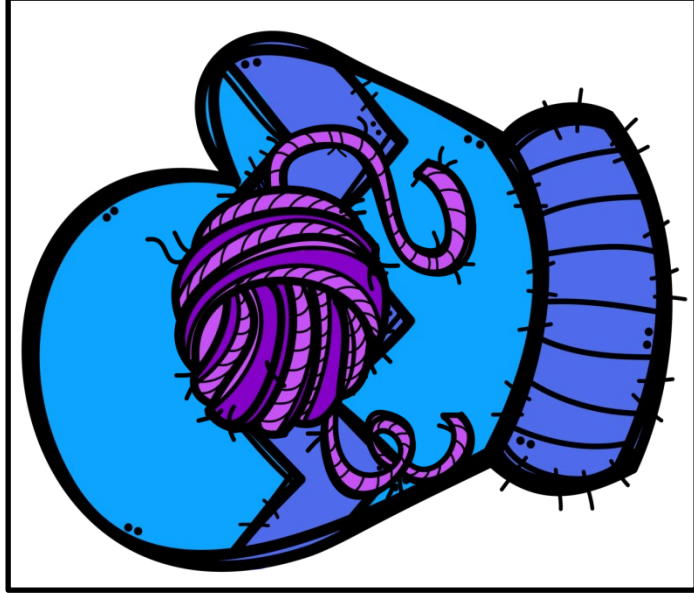

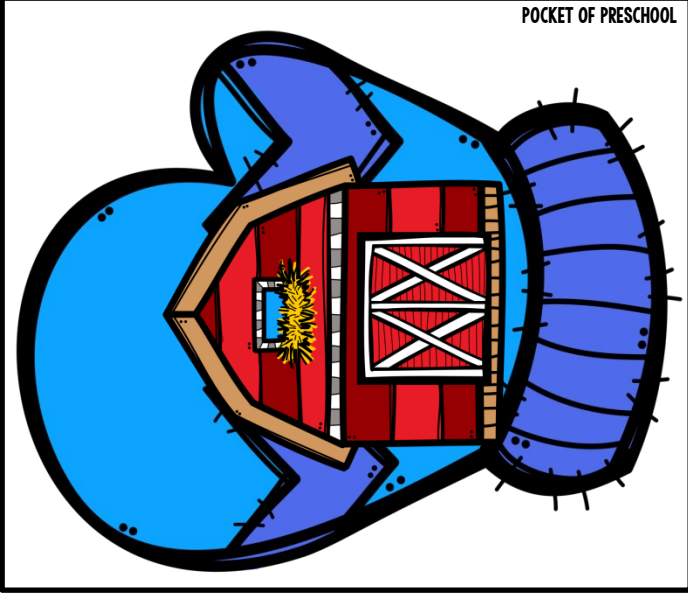

Students match the mitten rhymes on the floor, at a table, or in a pocket chart. For extra fun, place the mitten rhymes in a mini sensory bin.

Rhyme List
cat, hat
tree, bee
log, frog
duck, truck
fox, box
mug, rug
yarn, barn

number playing cards

Print the cards on cardstock for greater durability and laminate. Keep the cards in baggies with zipper tops so students can easily open and close them independently.

Games you can play:

Memory/Concentration

Make Number Lines

Number Lines & Counter Match Up (pictured)

Hi-Low (a.k.a. War)

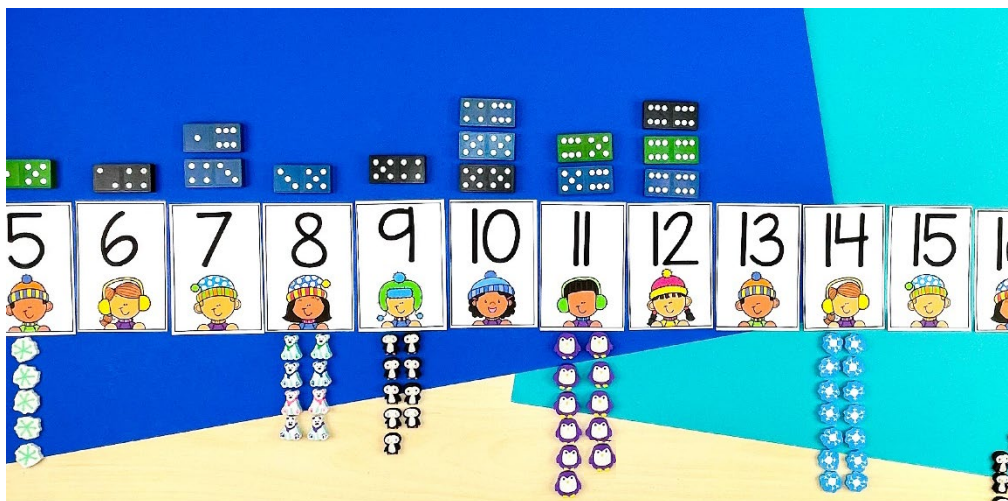

Go Fish

Differentiation:

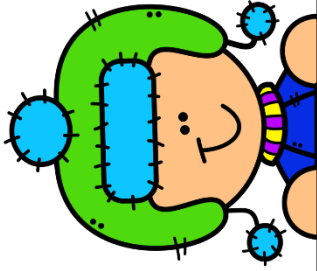

Make sets that go up to different numbers. For example, in a preschool class, have sets that go up to 10, up to 15, and up to 20.

Organization Tip

An easy way to keep them organized is to label each set using dot stickers. For example, sets that go up to 10 all have a green dot sticker on the back and my sets that go up to 10 have a blue dot on the back.

snowflake playdoh counting mats

Playdoh counting mats are a fun way for students to build one-to-one correspondence, number recognition, and fine motor strength!

Playdoh mats can be used as an arrival activity, center activity, or small group activity.

Print the cards on cardstock for greater durability and laminate. You can purchase playdoh or make your own. If you don't want to use playdough, use any snow counters, cotton balls, gems, white pom poms, or white cubes for "snow".

How to Play

Count It Out!

- Students roll balls with the playdoh to create snowflakes. Students make the corresponding number of snowflakes as the number on the card.

Make the Number!

- Students can also practice forming the number by rolling playdoh snakes to create the number or by tracing the number with a dry erase marker.

PLAY DOUGH RECIPES

basic playdough

What you Need:

2 cups of flour, 1 cup of salt, 4 tsp. of cream of tartar, 2 cups of water, 2 Tbsp. of vegetable oil, and food coloring or liquid watercolor

How to Make it:

Measure and mix all ingredients together in a saucepan off the heat until all the clumps are gone. Put it on the stove and set it to a medium heat. Continuously stir the mixture. When it pulls away from the sides of the pan and forms one large ball, it is done (if any of the dough is sticky it needs to cook a bit longer). Let it cool. Knead the dough and have FUN! Once completely cooled, store the dough in an air tight bag (no need to refrigerate).

food coloring tricks

What you can use:

- Food coloring (sometimes the Dollar Tree has it)
- Liquid watercolor
- Gel food coloring
- Kool-Aid

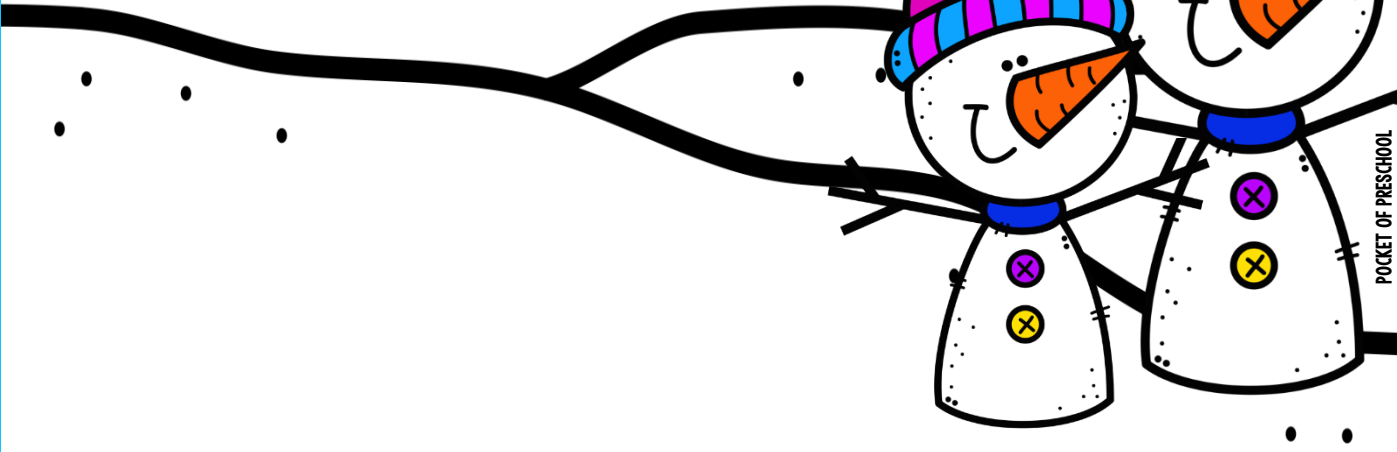

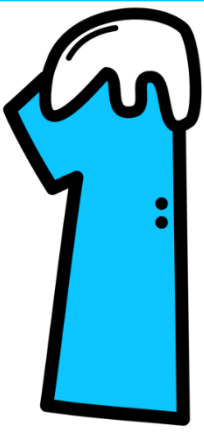

fun mix-ins

What you can use:

- Glitter (fine, small, or themed)
- Real sprinkles
- Vanilla or other extracts to make it smell yummy
- Cinnamon or other spices

SNOWMAN TEN FRAMES

Name: _____

Fill in the ten frame for each number.

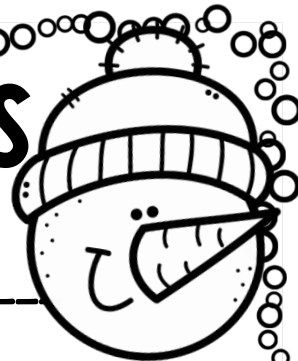

SNOWMAN TEN FRAMES

Name: _____

Fill in the ten frame for each number.

build a snowman: count or add

Print on cardstock and laminate for durability or use the blackline option.

Use cotton balls, mini erasers, gems, pom poms, or buttons for snow. You can also use the blackline version with dot markers or stickers. This game can be played with a peer or individually.

How to Play

COUNTING 1-6 (use one die)

- Students take turns rolling the die, counting the dots, and counting out the corresponding number of snowballs. Play until the snowman is covered in snowballs.

ADDING (use two dice)

- Students take turns rolling the dice, adding the total number of dots, and counting out the total corresponding number of snowballs.

Hot Chocolate Count or Add Mats

This is a fun activity students can do to develop one-to-one correspondence and to represent addition with objects and equations.

Print the boards. Then laminate or place the boards in dry erase pockets.

How to Play

Counting Mat: Students pick a domino and place it on the mat. Then count the dots on the domino and find it on the number line. Students count out the corresponding number of "marshmallows" and "chocolate chips" and place it on the mug. Lastly, clear the board and play again!

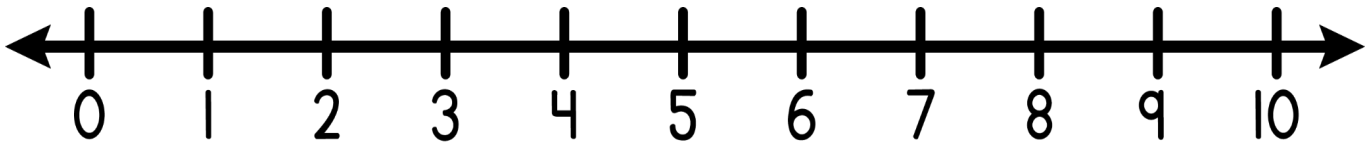

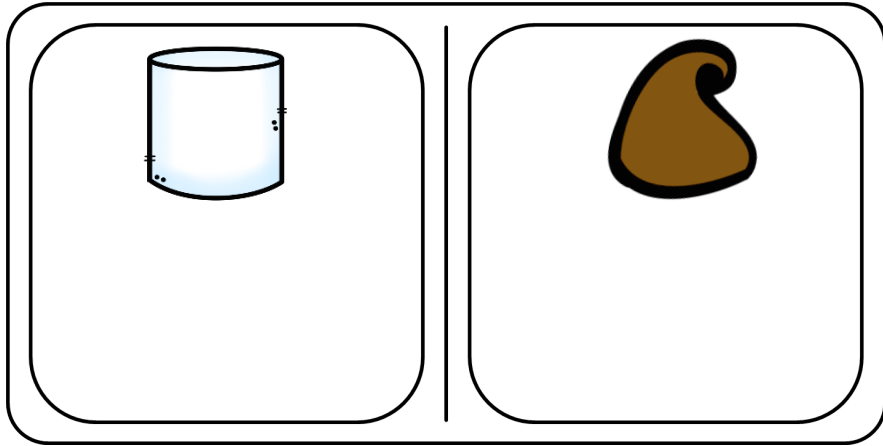

Addition Mat: Students pick a domino and place it on the mat. Then count the dots on the domino and complete the equation with a dry erase marker. Students count out the corresponding number of "marshmallows" and "chocolate chips" and place it on the mug. Lastly, clear the board and play again!

Manipulatives

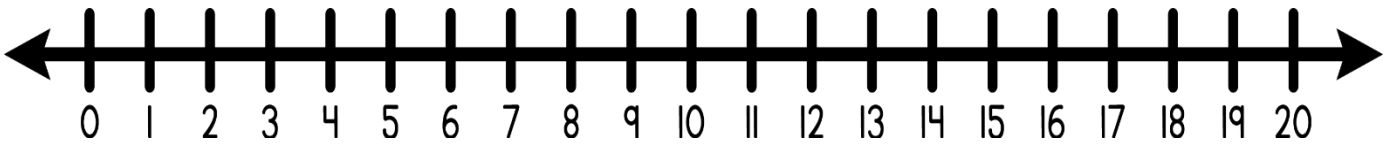

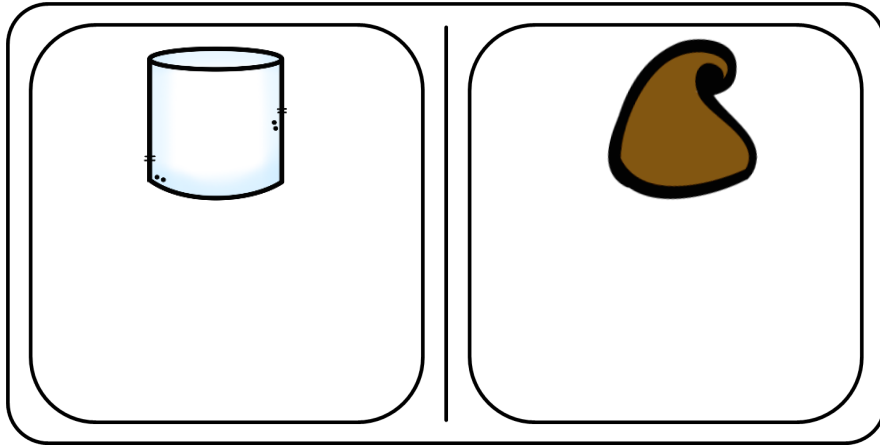

You can use white and brown pom poms, glass gems, color cubes for marshmallows and chocolate chips.

How many bears are hiding?

How many are hiding is a fun game to decompose (subtract) numbers.

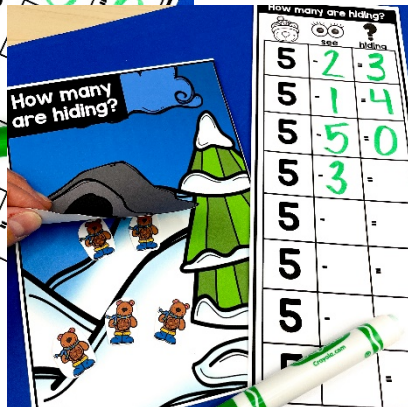

You pick the number you want students to decompose. For example, if you want students to practice decomposing the number 5, only put out 5 bears.

Options

- Print and laminate the boards and game pieces. Cut out the game pieces close to the picture.
- Print just the boards. Use counters or mini erasers for the bears. Use a bowl or cup to "hide" the bears.

How to Play

1. Player 1 closes their eyes and player 2 hides some/none of the bears under the object and places remaining on the board.
2. Player 1 opens their eyes and guesses how many are hiding. Player 1 has to count the number of bears they see and subtract that number from the set.
3. Both players look under the object and count to see how many were hiding.
4. Switch and keep playing! Students take turns being player 1 and player 2.

POCKET OF PRESCHOOL

snowflake symmetry

Print and laminate the snowflake symmetry mats.

How to Play

Matching Symmetry Mats

- Students place matching pattern blocks on the mat to create the same symmetrical pattern as the opposite side.

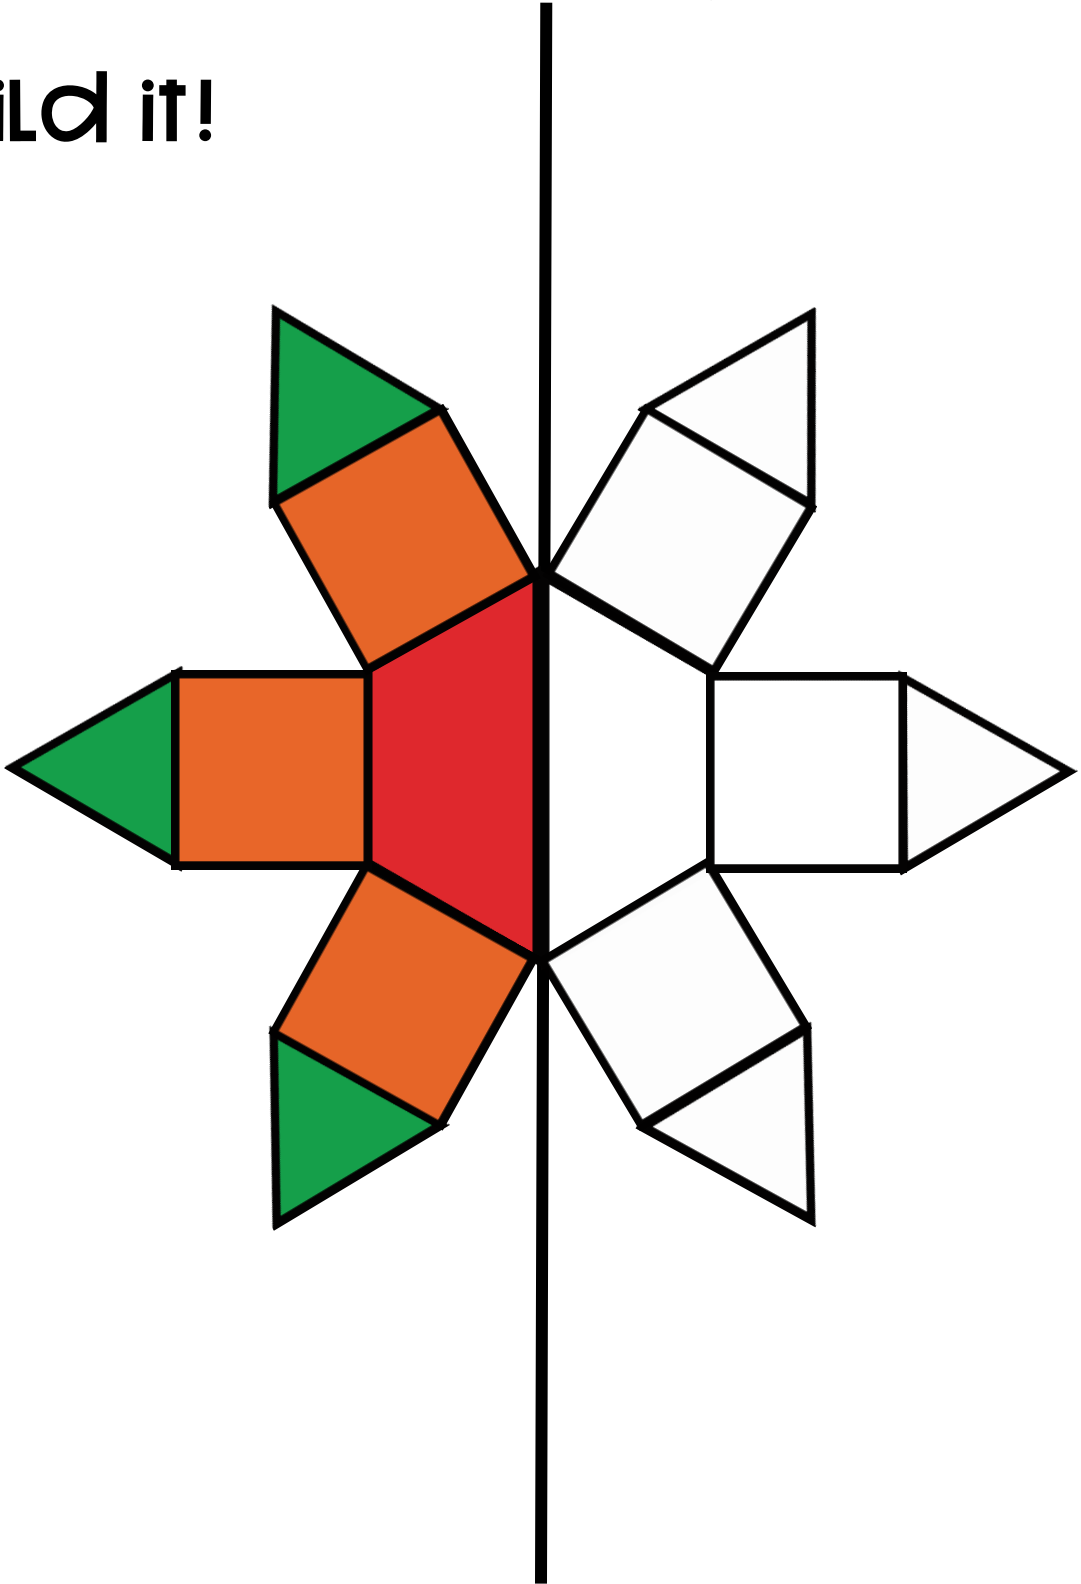

Empty Symmetry Mats

- Students place pattern blocks on the empty frame creating the same symmetrical pattern as the opposite side.
